WHO

WoodCraft by SaysWho

Introducing WoodCraft, an exquisite furniture range. The range offers a harmonious blend of customizability, solid woods, craftsmanship and timeless elegance. Designed by Danish design studio Says Who.

Proudly made in Europe, the collection showcases a remarkable platform that caters to your unique style preferences and furnishing needs.

Unleash your creativity and personalize every detail of your furniture pieces. With this collection, customization knows no boundaries. From selecting the perfect wood finish to choosing the ideal bases, you have the freedom to create a masterpiece that reflects your distinct taste and personality. The platform empowers you to bring your vision to life, ensuring that each furniture item seamlessly integrates into your living space.

At the core of the collection lies the extraordinary quality of solid woods. We handpick the finest timber, meticulously crafting each piece with expert precision and care. The result? Furniture that exudes remarkable durability and longevity, standing the test of time while retaining its beauty and functionality for generations to come.

Our range encompasses a wide selection of tables, chairs, and cabinets, each meticulously designed to complement a variety of interior styles. Whether you prefer the sleek lines of modern minimalism or the timeless charm of traditional aesthetics, our furniture range effortlessly harmonizes with diverse decor themes. Embrace the beauty of versatility and elevate your living spaces with the carefully curated designs.

When you choose the WoodCraft range, you are investing in European craftsmanship. Every piece is a testament to dedication of skilled artisans who imbue each stroke with passion. The result is a collection that not only enhances your surroundings but also becomes a cherished part of your everyday life.

SAYS
WHO

The mark of responsible forestry

The FSC label is the world's most trusted mark for sustainable forestry.

Trees are harvested responsibly so there is no net loss of forest over time. Reversing deforestation and maintaining irreplaceable forests are crucial to fighting climate change. Plant and animal species are protected.

The furniture industry loves wood, adds the highest value to this resource, and has a special responsibility to protect forests and, to avoid wood products from illegal or irresponsible sources.

All materials used come from responsibly managed, FSC-certified forests. Products with the FSC 100% label contribute most directly to our mission to ensure thriving forests for all, forever. One word, it would be "balance." The hallmark of sustainable forestry, from a purely ecological perspective, is the extent to which forestry practices mimics natural patterns of disturbance and regeneration. Sustainable forestry balances the needs of the environment, wildlife, and forest communities—supporting decent incomes while conserving our forests for future generations. When you purchase FSC-labelled products, you're helping forests, and the people that rely on them.

Who is Says Who?

Kasper Meldgaard and Nikolaj Duve founded Says Who in 2010 out of a shared passion for furniture design. Since then, Says Who has achieved remarkable success with its unique approach to design. Based in Denmark, the team of specialists reimagines furniture design to create innovative solutions for global customers.

We are furniture fanatics, industrial designers and creatives.

Curious minds fueled by ideas and innovation with a desire to find new ways forward.

We approach everything we do with a can-do attitude and a design-driven mindset to create new captivating ideas.

We create new Scandinavian designs for worldwide customers, use a solid business understanding to develop thought-through solutions, and design unique furniture collections.

"Who says great design can't be for everyone?"

SAYS
WHO

Create your own furniture design and interior stylistics.

Natural ash furniture with an oiled surface is a wood design that changes its stylistics from the design of the logs of the selected and color of wood oil.

TREND

Trending

Trends in interior design come and go, but they are influenced by the colors, lines, textures that are currently relevant. However, the further away the more relevant the trend remains sustainability, which will continue to be a priority for us and designers.

NORDIC

Scandinavian

Nordic design, and especially elements of Scandinavian minimalism, have found their way into every aspect of our lives. Scandinavian design is characterized by a minimal, clean approach that seeks to combine functionality with beauty. Its focus is on simple lines and light spaces, devoid of clutter. Typically, there is nothing superfluous about Scandinavian design; it strips back the unnecessary, showcasing the essential elements of any product.

TIMELESS

Classic

There's something special about timeless pieces and styles. A timeless-style interior design manages to stand the test of time with grace. High-quality furniture creates a high-end atmosphere due to its strong character and durability. Natural materials, like wood, been popular throughout the ages due to their ability to add visual interest, warmth, and depth to interiors.

MODERN / COTTAGE

Loft

Cottage inspired homes are usually the most welcoming and friendly houses you will see. If you really love that coziness feeling in your home as well but you're not a fan of antique pieces, you can definitely adapt it to cottage style. Certainly, modern cottage it's a style that gives that feeling of simplicity and sophisticated at the same time. Above all, it's the perfect mix of different materials and textures.

CONTEMPORARY

Urban

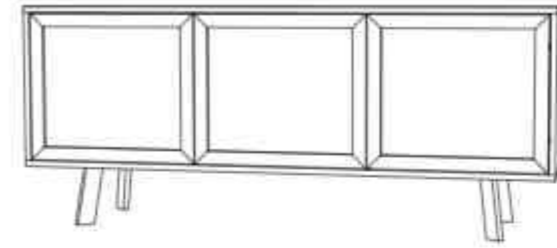

Contemporary style is classic yet thoroughly of the moment and timeless thanks to a light-handed, spare take on decorating to ensure it will never feel dated. Simplicity, clean lines, plays on texture, and quiet drama are fundamental in achieving a perfectly balanced contemporary style home. When it comes to contemporary interior design, less is always more. A contemporary style home rememberable is a fierce commitment to modern simplicity, attention to line and space, geometric shapes, and a strict yet well-considered color palette that's easy on the eye.
